PRESIDENT'S REPORT

I'm so thrilled that people are travelling significant distances from rural Victoria to attend our DSV meetings. In April some came from Ballarat, Colac, Wangaratta and Warrigal.

We began the meeting with our Annual General Meeting. The Committee was re-elected with one change. Malcolm Davies was elected Treasurer and Pauline Abbonizio was elected to the General Committee and will assist Malcolm when needed. Later on in the day, Venise McMahon approached me about joining us. At a special Committee meeting later we voted her in. It's wonderful to welcome another dowser to our Committee.

Our Vice-President, Heather Wilks, is very enthusiastic about Raymon Grace's style of dowsing and his commitment to encouraging others to develop their own skills. Heather practices many of Raymon's methods, especially for healing. The Committee funded Heather to attend Raymon's recent online workshop. She'll present some of what she learned at our June meeting. **Lyn Wood, President**

OUR LAST MEETING

After the formalities of the AGM on 27 April Geoff French presented to the DSV.

Geoff spoke about how his interest in energy-correction methods first developed and the extent of experimentation that was involved. Kinesiology and Touch For Health were key along the way.

It was fascinating to hear some of the history about how it led to Geoff developing his range of Inner Self Energy Cards. From the start he used various forms of kinesiology. It was based on self testing and more testing - making many varied changes to the cards along the way. Some of the testing he used

was familiar to us because it was similar to what's often used with dowsing.

Geoff kindly handed out a generous supply of one of his business-card sized Energy Cards for everyone to use. With a card in hand, we all had the opportunity to try this energy tool for ourselves which proved to be instructive as well as fun.

Geoff provided one of his full-colour Master Energy Cards as the raffle prize, which was enthusiastically received by one delighted DSV member who regularly attends our meetings.

HERBS FOR HORSES IN SPAIN

By Anne Lodygowski, reprinted from Dowsing Today March 2006

Dowsing with animals, especially horses is, for me, a fascinating occupation which gives me great pleasure and many challenges.

When I work with an animal I prefer not to know anything about it except age, colour and sex. I can then work with a clean slate and not be influenced in any way, getting it "straight from the horse's mouth"!

MARCH FIELD TRIP

A dozen dowsers attended the DSV field trip to Sugarloaf Reservoir Park on a beautiful March day. The dam supplies water to the northern, western and central suburbs of Melbourne.

They enjoyed a picnic then went to dowse for underground streams and damaging energy.

SELF-ACCEPTANCE IS THE KEY TO HAPPINESS

Edited extract of an article from Science Daily.

Happiness is more than just a feeling. It is something we can all practise on a daily basis. But people are better at some happy habits than others. In fact, the one habit that corresponds most closely with us being

satisfied with our lives overall -- self-acceptance -- is often the one we practise least.

Here are three positive actions that people can take to increase their levels of self-acceptance:

1. Be as kind to yourself as you are to others. See your mistakes as opportunities to learn. Notice things you do well, however small.
2. Ask a trusted friend or colleague to tell you what your strengths are or what they value about you.
3. Spend some quiet time by yourself. Tune in to how you're feeling inside and try to be at peace with who you are.

DOWSING FOR PAIN

A suggested dowsing protocol to use when dealing with physical pain. (*Editor.*)

1. (*Pendulum swings in your NO direction*)
Scrambling the frequency of the pain in my body (you can be specific about where).

2. (*Pendulum swings in your YES direction*)
Transforming the energy into miraculous healing, bringing recovery, peace and calmness to my body. This or something better from now and into the future across all time, dimensions, space and reality as safe and appropriate. Thank you.
