## **PRESIDENT'S REPORT**

*Watch your thoughts, they become words.  
Watch your words, they become actions.  
Watch your actions, they become habits.  
Watch your habits, they become your character.  
Watch your character, it becomes your destiny.*

Whether this quote was by Mahatma Gandhi, Frank Outlaw or someone else, I feel it describes what is happening now. The energy of the planet is changing so much that sometimes it seems as if we can almost manifest things in the moment.

In the interests of promoting dowsing, the British Society of Dowsers has declared 5th May to be International Dowsing Day. Since this is a Saturday, we are looking at arranging a field trip to tie in. Details are yet to be confirmed.

Some other news I'm excited about is the formation of the Australian Dowsers Society. This is an idea which has been in the pipeline for some years. Recent circumstances led to a group in Sydney to begin the process, with input welcomed from all around the country. I've joined myself because I believe that it will be a great resource for dowsers, especially those without access to a formal dowsing group.

The new Society will hold meetings in Sydney every second month, with plans for regional groups to be set up to meet on the alternate months. Their website was launched on 22<sup>nd</sup> March. Here's the link:

Look forward to seeing you at our next meeting. Meanwhile, happy dowsing!

## OUR LAST MEETING

Mick Moran was enthusiastically received at the last meeting. We're all familiar with his great articles in this newsletter where he's often shared his dowsing adventures and his insights. This was his first public presentation at the DSV and everyone enjoyed his laconic Aussie style. There was a lot of personal sharing and a seriously good dash of humour. The CD of his talk is sure to be a sellout!

## DOWSING FOR SERIOUS ILLNESS

By DSV Editor Heather Wilks

At some point during my training as an alternative healer, I learned that serious illness can be triggered by stress some 18 to 24 months prior to diagnosis. It's something that resonated

with me and I've since adopted it as part of my healing work.

I specialise in providing stress relief of emotional and physical pain connected to serious illnesses, including cancer. I work with people in person, over the phone or using Skype. Dowsing plays a significant role. When a client with such an illness contacts me, I ask when the diagnosis took place. Then with my pendulum, I determine which month in the time frame of 18 to 24 months prior that the key stressor occurred.

## FROM THE FLOWER OF LIFE

Extract from *World-Mysteries.com* site

### Fruit of Life

The "Fruit of Life" symbol is composed of 13 circles from the design of the Flower of Life.

The Fruit of Life is said to be the blueprint of the universe, containing the basis for the design of every atom, molecular structure, life form, and everything in existence. It contains the geometric basis for the delineation of Metatron's Cube, which brings forth the platonic solids.

## THE DSV SHOP

The DSV shop is well stocked with the biggest range of items we've ever offered.

We have a broad range of different dowsing rods and pendulums. While we don't promote the need for expensive tools, we realise that some members appreciate having more variety to choose from.

In addition to the extra dowsing tools, we are also well stocked with a larger range of dowsing books for purchase.

We have the new books by some of our presenters last year, plus a selection from the British Dowzers. We also stock many popular items from Raymon Grace and Joey Korn in America.
