**NEXT MEETING**  
**Sunday 17<sup>th</sup> April 2011**

## **PRESIDENT'S REPORT**

It's been a disturbing start to the year, with floods, cyclones, earthquakes, tsunamis, a nuclear crisis and more wars. These events are terrifying for those directly affected and we naturally find our hearts going out to so many. However I feel it's important not to get caught up too much in all the fear and vulnerability it brings, as that doesn't actually help anyone. One thing we can do to help is to send healing. Using your Intention, welcome feelings of love and compassion into your heart, then project it towards the people and animals in the areas affected. You can send healing to the Earth as well. It's important to remember that amid all the chaos we have a chance to build something new, in alignment with the new global awakening being signalled by changes in 2012 for a better world. Love is the key to our new world.

The DSV promotes the belief that we don't have to rely on special dowsing tools. Although we sell a range of dowsing aids as a service to our members, we don't offer particularly expensive or complicated ones. I believe we can program our bodies to alert us when we come across negative energy. Many of us feel it automatically in our solar plexus anyway.

When I'm healing properties, I urge clients to avoid getting emotionally involved with what's happening. Rather than looking at a situation as being black or white it's best to look for an understanding of the "why" of it. This allows more objectivity which makes it easier to look for ways to make changes. It gets you out of your fear, anger, frustration and other negative emotions which affect not only your body but your surrounds as well.

The next meeting is also our AGM and we aim to keep the formalities short and to the point. We're looking for someone new to join the Committee, someone with writing and computer skills to take on the role of Newsletter Editor, replacing Heather Wilks. We have a great Committee so if you decide to stand you'll also have a lot of fun.

At our next meeting we're pleased to have Lyn McLean speaking to us about electromagnetic radiation, its dangers and available precautions. I hope you'll join us.

**Lyn Wood, President**

## **NEXT MEETING**

**Time & Date:**  
**2.00 pm, Sunday 17<sup>th</sup> April 2011**  
**(1.30 pm for dowsing practice)**

**Place:**  
**Mount Waverley Community Centre,**  
**Miller Crescent, Mount Waverley**  
**(Opposite Mount Waverley Railway Station)**  
**Melway: 70 E 1**

**Parking at rear, off Holskamp St. which runs**  
**off Stephensons Road**

## **OUR NEXT MEETING**

Lyn McLean makes a welcome return as our speaker for the next DSV meeting on 17<sup>th</sup> April. She will present to us about electromagnetic radiation (EMR) which is the subject of her newly-launched book, "**The Force**".

We are all surrounded by artificial energies in our homes, our workplaces and even in our hospitals and schools. Globally there are millions of kilometres of power lines, millions of phone towers, satellites, TV

and radio transmitters - all emitting electromagnetic radiation, all bathing the planet in a sea of artificial energy. With over five billion mobile phones in use, the penetration of this technology - literally and figuratively - is an issue that concerns us all.

What are the effects of this energy? How can you protect your home and your family? What are the implications of this technology for us at a personal and societal level?

Author, educator and director of EMIR Australia, Lyn will share her experiences, her insights and techniques for living more safely in a world of electromagnetic pollution.

Find out more about Lyn McLean here:  
<http://www.emraustralia.com.au>

### OUR LAST MEETING

Claire Porter was well received at our last meeting, presenting on **“Energy is a Miracle”**.

Living in London in the 1980s she became a journalist, travelling the world, meeting unusual people. Her gift never left.

Claire later moved to Australia to a property in Melbourne which had many problems. Fortuitously, a naturopath suggested she call on George Williams, the founder of the DSV.

Claire had experienced migraines throughout her time at the house in the Diamond Valley yet as George sat with her, it left her completely.

The experience of psychic attack at the house had left her a physical wreck and George

was able to release all the fear and anger associated with that, recharging Claire’s batteries. Once he had released the negative energies, they never returned. It led Claire to write a book about her experiences and her research.

After her talk we took a large order for Claire’s just-released book, **“Seventy Thousand Veils”**. Please remember to collect your order on 17<sup>th</sup> April. The price is \$30 each.

### RECENT DSV FIELD TRIP

By Lyn Wood, DSV President

Our most recent field trip, to Noble Park, was held on 20<sup>th</sup> March and was very successful. I had offered to show a small group how I go about dowsing properties. It was a lovely sunny afternoon when five members and I arrived at another member’s house to determine what was making her feel uncomfortable in her surrounds.

## ABSENT CLEARING

By DSV Member, Mick Moran

A friend and I were recently talking about dowsing, when the discussion turned to dowsing the health of houses. She said that before buying a house you could test to see how healthy the house was. I wasn't in the market for a new house, but I was interested to find out how healthy my own home was. Much of my recent pendulum dowsing has required quite accurate answers, so I have gone back to using a dowsing chart.

## NEW DSV POLICY

Please note that only the speaker of the day has permission to exhibit, promote and sell products and services when attending DSV meetings.

Personal representation to members and visitors is not allowed.

## ARE YOU OUR NEW DSV NEWSLETTER EDITOR?

We are actively seeking a new Editor for this Newsletter. So if you are interested in taking over please make yourself known to one of the DSV Committee members on arrival on 17<sup>th</sup> April.

There are many benefits about getting involved like this. There's the opportunity to be in touch with our speakers and get the inside running about their special knowledge – before they get to present. It's also a great way to develop friendships with other dowsers. Over the time I've been involved I've received some wonderful emails with fascinating news about dowsing experiences. Not everyone wants to include them in the newsletter (unfortunately!!) but some are happy to share privately and I've been very privileged to be trusted with those great stories and insights.

Here's your chance to put on the DSV Editor's Hat – to shine in this very interesting and rewarding role on behalf of the DSV. *Ed*

**Please note, this is an extract of the DSV April 2011 newsletter. By joining the DSV you can receive the full edition. Please check our website for details about becoming a member now.**

**Please write the DSV Meeting Dates in your diary today:**

Sunday - 17<sup>th</sup> April (AGM), 19<sup>th</sup> June, 28<sup>th</sup> August, 16<sup>th</sup> October, 27<sup>th</sup> November 2011
