### NEXT MEETING Sunday 20<sup>th</sup> February 2011

#### PRESIDENT'S REPORT

I know your thoughts will be with everyone who's already been affected by the extreme weather conditions along eastern Australia, particularly those in Queensland where an astonishing 75% of the State was under water. And as we write there's the threat of a cyclone in Cairns in Far North Queensland.

It's worth remembering too that vast areas of NSW and Victoria have also been flooded.

Some have lost loved ones and animals and many more across Australia have lost their homes, businesses and personal possessions.

As we know, water holds memories, and there will be lots of fear, grief, anger etc carried in the water of the flood-affected regions and beyond. We can use our dowsing to help ease this situation, simply removing the non-beneficial memories from the water and transforming the energy of the water for immediate recovery, as safe and appropriate. Please continue to send healing in whatever way you choose.

I was reminded recently by two people who live in the areas devastated in Victoria's Black Saturday bushfires in 2009 that these areas continue to need our healing too. One method you might consider using is to dowse a map of our State of Victoria to locate all the areas that are still hurting, so that you can send love and healing.

Our wonderful newsletter editor, Heather Wilks, had announced that she's not continuing in that role after the AGM in April. If you're

interested in taking over from her (under Heather's guidance if need be), please ring or email me, or talk to another Committee member about it.

Meanwhile, I'm pleased to announce that Claire Porter is our next presenter. She is a published author, a dowser and someone with a great interest in the topic of universal energy. So come along on 20<sup>th</sup> February!!

**Lyn Wood, President**

#### OUR NEXT MEETING

We're delighted to have the opportunity for author Claire Porter to present at our next meeting on 20<sup>th</sup> February. The title for her presentation is "**Energy is a Miracle**". Claire has been an investigative journalist for the past 30 years and is a keen dowser.

Her book "Seventy Thousand Veils - The Miracle of Energy" was endorsed on the cover by our own Fred Ward, current Vice-President and former President of the DSV.

Claire's book is an in depth guide to the topic of universal energy and aims to help readers forge a more meaningful connection with the world. It sheds light on Dowsing, Crop Circles, Ley Lines, Holy Relics, the Occult, Exorcism and Angels. In other words, a diverse range of topics. She presents cases for both the good and evil and probes how all of these emit extraordinary energy frequencies that ultimately impact on mankind, for better or for worse.

Claire has a special connection to the founder of the DSV, George Williams. Some years ago she contacted him on the advice of a naturopath and he duly dowsed her property, which resulted in some dramatic and beneficial changes. Poignantly, George left his dowsing rods to Claire when he passed.

We invite you to bring a friend or two along for this DSV experience as Claire shares her insights and experiences with us.

## OUR LAST MEETING

At our last meeting in 2010, François Capmeil gave us a special presentation about "Exploring the Ley Lines of Europe. The Pilgrim Sites of Europe."

*François Capmeil, Secretary DSN*

If you would like to find out more about the details of François' outstanding presentation to the DSV last November, you can read more about it on the website of the Dowsters Society of NSW. This link takes you directly to it.

## RECENT DSV FIELD TRIP

*By Lyn Wood, DSV President*

On a warm, sunny Sunday afternoon in early December, three ladies and I met at the home of another DSV member, to dowse her home in a northern suburb of Melbourne.

I was taught to dowse properties by George Williams, founder of the DSV, and accompanied him on many occasions. Prompted by a number of people, I decided it was time to share this knowledge with DSV members, so at a recent DSV meeting I asked for people to volunteer properties and/or indicate an interest in attending. This was the first DSV field trip of its kind.

## HOW TO USE THE SIMPLE MAGIC OF MANTRAMS ...

**... to Command your Superconscious Mind**

*By Peter Kelder*

*"There is a slight difference between the words mantra and mantram. Both are taken from a Sanskrit word meaning instrument of thought. The difference is this: a mantram is a vocalized instrument of thought, while a mantra is silent."*

Whether you realize it or not, you create and shape your life with your thoughts. All things that become part of your physical reality are first created in the mind from the raw material called thought. Because it is an instrument of thought, a mantram is a tool which you can use to help shape your life as you wish it to be.

**ARE YOU OUR NEW DSV  
EDITOR?**

The DSV is actively seeking a new Editor for this Newsletter. I will be signing off from this role after the AGM in April 2011. So if you are interested in taking over please make yourself known to one of the DSV Committee members soon.

I will be happy to provide assistance as part of the hand over - if you need it. Alternatively you may be so advanced in such matters that you'll pick it up and run with it automatically☺

There are many benefits about getting involved like this. There's the opportunity to be in touch with our speakers and get the inside running about their special knowledge – before they get to present. It's also a great way to develop friendships with other DSV members. Over the time I've been involved I've received some wonderful emails with fascinating news about dowsing experiences. Not everyone wants to include them in the newsletter (unfortunately for me as the editor), but some are happy to share privately and I feel very privileged to be trusted with those great stories and insights.

Here's your chance to put on the DSV Editor's Hat – to shine in this very interesting and rewarding role on behalf of the DSV.  
*Heather Wilks, Editor*
