## **PRESIDENT'S REPORT**

Here we are preparing for the last DSV meeting of the year. Where did the year go?

It seems that time is speeding up to prepare us for the 5<sup>th</sup> dimension as we approach it. In fact time isn't speeding up, it's our consciousness which makes it seem that way.

I went to google to discover more, and according to [www.in5d.com](http://www.in5d.com) time, like everything else, is a vibration. *"What many people aren't taking into account is vibration. Everything in existence revolves around vibration as atoms vibrate to create our 3rd dimensional reality. As the atoms vibrate faster, the illusion of time speeding up is created because, physiologically, our bodies are sensing the speeding up of "something" but we cannot attribute it to anything familiar, other than time. (Continued at [www.in5d.com](http://www.in5d.com)*

I hope to see you at the DSV on Sunday 19 November to share with other like-minded people

## **OUR NEXT MEETING**

We're pleased to be welcoming Alison Lovett as a new speaker to the DSV on Sunday 19 November. Alison is a Holistic Counsellor who works with Australian Bush Flower Essences, Bach Flower Remedies and Usui Reiki.

*Alison Lovett*

It was at her first flower essence class that she felt like she was being allowed in on one of life's best kept secrets. All of her strongest passions came together at once. She particularly enjoyed learning how to prepare flower essences out in nature and went onto share that knowledge with others in her own flower essences classes. At our DSV meeting Alison will share her love of flower essences and alternative therapies. If you have a love of nature and unique, colourful flowers and alternative ways of healing, you are sure to enjoy Alison's presentation at the next DSV meeting. Join us with a friend or two.

## DOWSING PESKY INSECTS

*A welcome contribution from new DSV members, Kathy and Richard.*

While prospecting in central Victoria in the recent school holidays, a new dowsing opportunity arose. We were digging for a target we'd dowsed in the bush on a beautiful morning but noticed we had a lot of company. We had been lined up for breakfast. Within 10 minutes both of us had four to five mosquito bites with many more to come, thanks to squadrons of mosquitos.

So, with quite some need and a lot of intent (self-preservation) I asked 'Can you keep the mosquitos away from Kathy and me?' Answer, Yes. 'Will you keep the mosquitos away?' Yes. We then quickly gave this instruction. 'Please keep the mosquitoes, flies and ants away from us now'. We didn't have any real expectation but almost immediately the mosquitos stopped landing on us.

## Gently Does It Lyn Wood

- Crystal Heart Reiki/ Sekh'm Healing
- Blue Moon Aromatherapy
- Ear Candling
- Property Dowsing
- Reiki Workshops
- Oh! Naturale Skin & Haircare
- Pendulum Workshops
- Super Concentrates household products

After about five minutes, one did land so we asked the pendulum 'Can you increase the strength of keeping the insects away?' Yes. The next instruction was, 'Please do a better job of keeping the insects away from Kathy and me, **make it stronger** and apply it for the next month.' Again, it was said with much intent. Guess what, no more flies or mosquitos landed on us.

## ASTROLOGICAL MOON CALENDARS

Thanks to DSV member Susane Starc, the 2018 Astrological Calendars with the Moon Planting Guide will be available for purchase through the DSV again this year at our next meeting on 19 November – our price, just \$12.

These delightful posters are always popular. Great to keep or to give as a gift. Some people have already put their names down for a copy. Stocks are limited, so if you haven't already indicated you'd like one, it will be a case of first in first served at our November meeting.

## A NATIVE PRAYER TO THE FOUR DIRECTIONS

*From Nick Polizzi, Founder The Sacred Science. Thanks to DSV Committee Member Lynne Fitzgerald for providing these details.*

In many native cultures across the North American continent, there is a unifying spiritual element that has been used for millennia to bring wisdom and healing to the people. It's called *the medicine wheel*.

This multi-dimensional frame of reference can take many forms, but is usually depicted as a circle split into four quadrants that each represent a specific direction. North, East, South and West.
