DSV philosophy: Through awakening consciousness, we are empowered with knowledge and skills to unconditionally serve others.

**NEXT MEETING
Sunday 22 April 2018**

PRESIDENT'S REPORT

One day recently I walked on the beach – the water was clean, there were gentle waves and the temperature was mild. It was so relaxing. I know it raised my vibration. My work involves healing which requires a higher level of vibration so it was especially good. The timing was perfect as a few hours later I was running a Reiki Practice session, which was terrific and we all benefited.

Afterwards, I suddenly felt dizzy and I realised my neck was sore.

I sat down with my pendulum and asked if it would be okay for me to go dancing and received a “No”. Usually I get a “Yes”, as whatever my immediate problem is, it usually resolves itself by the time I get to something like dancing. Was I pushing myself, and was the Universe suggesting I should take it a bit easier? I thought that was probably the reason. Of course, I honoured my dowsing’s No response and stayed at home. It was a good reminder that we always need to respect our Yes/No responses when dowsing because we don’t have the broader perspective.

As we know, we can manifest the future we want by focussing on it, seeing it, feeling it, hearing it, tasting it – using as many senses as we can. Making a vision board with pictures and words depicting what you want is helpful.

I hope to see you at our next meeting in our temporary venue, Ashwood Hall (the Large Hall) at 21a Electra Avenue, Ashwood. Thankfully, the renovations at our usual hall are expected to only affect us for the April and June meetings this year.

Our next meeting on 22 April will commence with our AGM which we aim to keep short. Please ensure your membership has been renewed before the meeting so that you can vote.

We hope to welcome a couple of new members to the DSV Committee. Please give it some thought and let us know prior to the 2.00 pm start.

In particular, I am hoping that someone will offer to take on the role of arranging for the DSV Newsletter to be printed and mailed out. I’ve been doing that for 20 years and feel it’s time for someone else to take it on.

And, after 11 years, Heather Wilks would like someone to become the next Editor of the Newsletter.

Do have a think about how you can volunteer your help and surprise us at the next meeting!

After the formalities, Keith Hulstaert will present to us. He is a healer who will share his experiences of walking The Camino.

Looking forward to seeing you on 22 April at our temporary new venue in Ashwood.

NEXT MEETING

Time & Date:

1.45 pm for 2.00 pm start, Sunday 22 April 2018

Place:

**Ashwood Hall (Large Hall)
21a Electra Avenue, Ashwood**

**Runs off Huntingdale Rd, near Jordanville
Station) Melways: 61 A11**

Plenty of easy parking is available.

OUR NEXT MEETING

We aim to keep the formalities short at our AGM which is to be held on Sunday 22 April. We're all keen to move onto the day's presentation. To be eligible to vote or nominate for the DSV Committee, you need to be a paid-up member. We invite you to consider standing for a position yourself. New ideas and new energy are always welcome at the DSV. The Committee is a friendly crew and joining us gives you the opportunity to contribute directly to the DSV and find out more about us all.

Keith Hulstaert will present to us on Sunday 22 April 2018. He has a broad range of experiences and a keen interest in helping others.

Keith has run a successful retail business, worked in an executive corporate role and has long had a passionate "other life". This has centred on counselling, meditation, spiritual practice and teaching these various subjects. Today he has a busy healing practice in Wantirna South offering Hypnotherapy and Meridian Tapping.

Keith Hulstaert

In 2016 Keith walked the Camino de Santiago in Spain, which means Way of St James and refers to different routes leading to north western Spain. Keith walked from St Jean-Pied-du-Port in France to Finisterre in Spain, a distance of 900 kilometres.

The Camino, as it's generally referred to, is a large network of ancient pilgrim routes. It's the world's most popular long-distance trail for those seeking a mystical, spiritual experience.

Keith will share some of his own experiences and how it has impacted his life and his healing work ever since. This promises to be a fascinating presentation, so please bring a friend or two.

OUR LAST MEETING

We were pleased to welcome Carol Partridge to speak at our DSV February 2018 meeting.

Carol is the founder of Sacred Feng Shui Design. She has conducted consultations for homes and businesses for over a decade.

Feng Shui is the ancient oriental art of enhancing and harmonising the flow of energy in our surroundings.

Carol offers a free eBook of Essential Feng Shui, "Feng Shui Tips" that's downloadable from her website. She also offers personal feng shui consultations.

For further details about Carol Partridge:

- Site: www.sacredfengshuidesign.com.au
- Email: carol@sacredfengshuidesign.com.au
- Mobile: 0434 880 411
- Freecall: 1300 728 279

ENERGISING SOIL WITH DOWSING

*A welcome contribution from DSV Member
Adrian Johnson.*

My main focus with dowsing is gardening. I'm a carpenter in the building industry with a great love of gardening. In fact, I think of myself as a natural grower.

I enjoy growing foods of all kinds including fruits, vegies, herbs and grains such as wheat, barley and so on.

There are many different ways to grow plants. Personally, I'm not an advocate of strict organic gardening. For example, I still use NPK fertilisers (nitrogen, phosphorous and potassium) where necessary, however in very low dosages.

I use a lot of fermented products that I make myself from the different plants that I grow, particularly from herbs and weeds.

I also use IMO (indigenous microorganisms). I have learnt to alter the natural micro-organisms in the soil. These do all the hard work for me.

I make my own compost and feed this to my worms. The end-product of the breakdown of organic matter by worms) works like the best fertiliser that nature can produce. It contains organic matter, carbon and many of the nutrients that plants need to grow in soluble form.

While I have various instruments and meters, dowsing is at the core of what I do.

I use energised water on my plants. Different speakers at the DSV have opened up new horizons for me and I have a couple of Alanna Moore's books. I literally soak up all the great information that's shared.

For more information you can contact Adrian Johnson on 0435 291 930.

ARE YOU OUR NEXT DSV NEWSLETTER EDITOR?

The DSV is still actively, and urgently, seeking a new Editor to take over my role for the Newsletter in 2018.

Unfortunately, no one has come forward to date, so as your friendly Editor, I won't be signing off from this position just yet. I had hoped to hand it over to someone who's enthusiastic with new ideas at the AGM meeting in April.

Perhaps you've been waiting to surprise us on 22 April. If so I'd be more than delighted. Naturally, I'd be very happy to provide assistance as part of the hand over if it's needed.

However, you may choose to take it on and make it your own.

Let's talk. Editor, Heather Wilks. Please contact me, heather@ohnaturale.com

DSV DISCOVERIES

By Heather Wilks, DSV Newsletter Editor

Lyn Wood and I attended a talk in February last year at the TS Bookshop on Nikola Tesla. The following day Mehran Keshe was the subject for a

talk by Dr. Richard Presser. Many of us were very interested in Richard's involvement with the Keshe Foundation and as a result, people purchased a number products. Details are available here:

www.magravsplasmaproducts.com

Inspired by the information on the brilliance of both Kesla and Keshe, I started adding an aspect into some of my dowsing.

Now I often simply say, "Bringing in the healing Spirit of Tesla Waves and Keshe GANS" while my pendulum swings in my Yes direction. *(The terms Waves and GANS are specific to the work of those two geniuses and too hard to explain simply here.)*

Michael Czajka then presented at the following meeting in April. He opened so many eyes to the possibilities of dealing with EMFs suggesting many very practical solutions.

As a result of Michael's presentation, along with quite a number of others, I immediately purchased Earthing Products from Queensland's Better Earthing company www.betterearthing.com.au and a Canadian Sota Bio Tuner, available from www.sota.com

These Earthing products and the Bio Tuner have had a significant impact on my outlook and wellbeing ever since. I've not missed a day using them since receiving my orders last August.

Michael has extensive information on his site about these and other amazing products: <http://orthomolecular.webs.com/electromedicine>

Then in the November 2017 Newsletter there was a welcome contribution from Kathy and Richard, two relatively new DSV members. Titled, "Dowsing Pesky Insects". This has been a very real life-changer for me too and I am very grateful to them both for sharing it.

I admit it took a minute or two to get my mind around not doing the usual way of "taking out what's not wanted with the pendulum swinging in the No direction" before stating the positive with the pendulum in my Yes direction, but I just did as the article instructed. Happily it worked brilliantly.

Ants and spiders had long been a problem in my home. Not now.

This is an Extract of the April Newsletter for 2018. You can receive the full version by becoming a member at this site.

Please write the DSV Meeting Dates in your diary today:
2018 – Sunday 22 April, 17 June (dates for Aug, Oct & Nov TBA)
