PRESIDENT'S REPORT

Happy New Year to you. This is the time of year when we think of what we'd like to do differently in the year to come. Astrologers agree that change is imminent. So, let's aim to manifest some worthwhile improvements for the world. Our Earth could well do with much more peace, love, harmony, understanding, integrity, plus caring for the environment and for each other.

My 5 year-old grandson told me new year is time to change things. I suggested it could be used for things such as being a really good boy, or eating all his vegetables! Unfortunately, he didn't think they were a particularly good idea.

A vision board is a helpful way to manifest new things. You can energise, using some Yoga mudras, Reiki symbols, and ask the Universe to help you. Works best if you keep visualising what you want, to hold the images in mind to help them appear in your life.

Many years ago, I was told of a fabulous healer in the UK, whose name was Betty Shine. I was given her three books at our November meeting. She describes exercises that anyone can do to increase their energy, send healing to others, and also to themselves by calling in spiritual helpers to assist. This is something any of us can do. Synchronicity is at work. We have a DSV member contributing her first article to this Newsletter and she refers to Betty Shine too!

At November's meeting, we featured one of Raymon Grace's DVDs. The timing was perfect because we had some new people attending who hadn't heard of him before.

We are again lining up interesting speakers for our meetings this year. Our first presentation will be from Debbie Swingler who will teach us a new way to use our rods. Feel free to bring others. And, do bring dowsing rods if you have some.

This year I'd personally like to manifest a new President from the Committee to replace me, and Heather Wilks is keen to be replaced as the Newsletter Editor.

See you at the meeting on 17 February!

Lyn Wood, *President*

OUR NEXT MEETING

We are pleased to announce that Debbie Swingler will present at the February 2019 meeting, our first for the year. Debbie is Vice-President of the Tumbetin Spritualist Centre in Upwey, located in the beautiful Dandenong Ranges on the outskirts of metropolitan Melbourne.

Debbie will conduct a mini workshop to show us how to contact spirits using dowsing rods. It's sure to be a very popular meeting.

At our meeting, she will give a brief introduction about the spirit world and ghost

hunting. She will talk about energy, bringing out the 'spirit' within and demonstrate practical exercises. We will learn how to visualize to tune into the spirit world and discover how to attune our rods with spirit helpers.

The DSV will have some rods available for sale on the day, including the special ones made by DSV Life Member, Mick Moran.

OUR LAST MEETING

Raymon Grace kindly gave us permission to showcase some of his work on DVD at the November meeting. He is very popular with the DSV of course and it was also quite special to be able to introduce him to quite a few new people who were attending one of our meetings for the first time.

The selected DVD was "Change the Energy ... Change Your Life". Raymon created this film to inform people about how to clear negative energy from homes, offices, schools, people, animals, and businesses.

VERY PRACTICAL DOWSING

Thanks to Márhá Béckhám for this welcome article. A first contribution since becoming a DSV member.

Greetings to the DSV! My name is Márhá Béckhám and I was first taught to dowse well over 73 years ago when I was about 8 or 9 years old. I learnt using a washer on a piece of string.

Although I was very keen when I first started dowsing - we called it "divining" then - my interest waxed and waned of course. Through the years the washer was replaced with beads, pendants from necklaces, lucky charms etc. Then one day, when I was about 14, I saw a tiny ad on the back of a magazine amongst the kind of ads most people didn't read: "Cure your falling hair", "No more ingrown toenails!", "You too can have a body like Tarzan in only 4 weeks!" And on the it went.

Anyway, I sent off my postal order and very soon I received my pride and joy - a REAL pendulum made from a quartz crystal! And because I BELIEVED this crystal was so good, my attention to using it increased and improved! I still have that original crystal pendulum and I get a little tingle when I use it.

One thing I often do when sending Distant Healing is to call in "help" from other sources, using my pendulum to guide me. A wonderful healer called Betty Shine used to call on any specialist doctors who were now in spirit to assist her in her work. She had amazing results. I have also tried this, dowsing first to see if it is okay and the results have been excellent. I call on Betty herself too, as she was a friend of my mother.

I scramble the nasty side effects of medications with brilliant results - it really makes a difference!

I hope you found these ramblings a bit interesting and that you can try some ideas - they all work! Check out Tim Walter's website: <https://www.knightsrose.com> He has heaps of very interesting YouTube videos too which will set you thinking.

There are so many ways dowsing can be used in everyday life - be inventive - give it a go! As Raymon Grace says " Believe in yourself and expect it to work. All that's required is intent."

If you are wondering why there are accents on my name, it's because, to me that indicates the movement of the pendulum. If you have any questions about what I've written, please send me an email: 9martha9beckham9@gmail.com

HISTORIC CLAY PIPE ORIGINS

Thanks to Anne Smith, a former DSV Committee Member, for the alert about this intriguing story.

A clay pipe was found in the roof of a house in Tasmania, "Glen Derwent". This is an historical estate, a 200-year-old Georgian farmhouse at New Norfolk, west of Hobart.

As reported by ABC Radio Hobart in December 2018, Liz and Rob Virtue who run the estate, found the handcrafted clay pipe concealed between two bricks. The house was built by ex-convict James Bryan Cullen. The Virtues are in contact with some of his descendants.

Historian, Dr. Ian Evans, believes its concealment was part of a superstitious ritual. Coins found under the floorboards in the house earlier in the year are also believed to be part of an evil-averting custom.
