## **PRESIDENT'S REPORT**

As you may know from my last couple of President's Reports, I recently moved house. We had been looking for a suitable property to buy for some five years but none was ever quite right. Finally, after asking the Universe for help, within a month we had put an offer on a property that met most of our requirements. We were then recommended to a great real estate agent and sold within six days of our first "open for inspection". We found a very helpful removalist and things were going smoothly. Packing up 36 years of memories was hard work though.

I did my usual energy work so that the transition would be as easy as possible and it all proved to go reasonably well. However we soon discovered that the phone cabling at our new property was damaged and needed to be replaced. We waited four long weeks for Telstra to renew it. We've since waited another five weeks (and counting) to have Optus connect our landline phone and internet. Apparently this is not an unusual scenario.

Naturally, I dowsed the property to determine whether there were any negative energy lines or curses or anything else that might be undermining things. Nothing was revealed. However, I have continued to ensure that the energy is clean and have been raising the vibration to accommodate prospective clients. I've been told it feels very peaceful here, so that's very encouraging. When doubts crept in I even checked it with another dowser, who confirmed my dowsing was correct.

My mobile phone is still my only connection with the outside world. It's been difficult to keep in touch with clients as I don't even receive emails on

my laptop or iPhone. A mystery. If you have any suggestions please let me know!

I do hope you can attend our first meeting for 2014 on Sunday 9 February when we have the one and only Mick Moran presenting to us about his experiences with house clearing.

## **OUR NEXT MEETING**

DSV life member Mick Moran will present at the next meeting on Sunday 9 February, our first for the 2014 year.

As a regular reader of the DSV Newsletter and/or visitor to our meetings, you'll recognise Mick. He's the laid back iconic Aussie bloke who started out a total sceptic to dowsing and who's since embraced it fully, to the point of running classes in rural Victoria, creating beautiful dowsing rods (available via the DSV) and is now even considering submitting articles on dowsing to newspapers.

Mick will talk about clearing houses, which has become something of his specialty.

## OUR LAST MEETING

Alanna Moore spoke in November 2013 about dowsing earth mysteries (geomancy) and stone arrangements.

Alanna's presentation with slides covered more of the uncommon interesting and significant sites, those not as well recognised as say Stonehenge.

It came as a surprise to many to learn that Alanna has now retired from teaching dowsing. She currently spends more of her time arranging protests against wifi, smart meters and other subjects she believes are dangerous to public health.

## JOEY KORN'S BLESSING PROCESS

Joey Korn is an American dowser who contributes so much with his positive approach to dowsing. It's timely to feature his Blessing Process again to start 2014. (Editor)

### Here's Joey's basic Simple Blessing:

Dear God (or however you address the Divine). Please bless me (or someone else or an object you wear) with energy to bring healing and balance to my/his/her/our complete being - physically, emotionally, mentally and spiritually

Thank you, Amen

## DOWSING FOR WEATHER

By Heather Wilks, DSV Vice-President, Editor

Dowsing for weather changes (and talking to Nature Spirits) is a work in progress, with welcome contributions from a number of dowsers.

### Suggested Dowsing Protocol

#### #1 Start by spinning pendulum your NO direction then let it take over.

• Scrambling the frequency of the extreme heatwave conditions in Victoria and throughout Australia. Neutralising all the negative energy, non-beneficial thought forms, the fear and hysteria relating to these acute conditions – plus anything else, known or unknown, that is contributing to the bush fires and arsonist activity.

*(Wait until your pendulum stops spinning before going on to the next.)*

#### #2 Start to spin pendulum in your YES direction then let it take over.

Transforming the energy to bring about increased balance, harmony and peace for a calmer, more beneficial outcome for the people, animals and properties in Victoria and Australia, throughout summer. Bringing in lower temperatures, lower humidity, gentle breezes and where appropriate, rainfall in safe and beneficial amounts, especially in bushfire prone areas. Bringing in the Spirits of love and gratitude, peace, calm and respect to work with the Earth, Mother Nature, the Nature Spirits and the Spirit of Rain – for the highest good of Victoria and Australia, from now and into the future as safe and appropriate.

*(Wait until your pendulum stops, then give thanks.)*

*With special thanks to American dowser Raymon Grace for his inspiration in this work. During our drought of 2009 he encouraged me to speak to the Nature Spirits and also to dowse to improve extreme weather conditions. I've been doing that ever since, in gratitude.*
