PRESIDENT'S REPORT

Our previous meeting began with our AGM at which I was again voted in as President and the Committee was returned with two additional members, Ruth Smith and Lolita Gunning. I'd like to thank them for joining us, and also to thank everyone for their votes of confidence in all of us on the Committee.

The British Society of Dowsters declared 5 May International Dowsing Day (IDD) and groups all around the globe contributed to raising awareness of dowsing. For our part, we organised a trip to Jells Park in suburban Melbourne. The weather didn't look promising, however, a small group gathered near the café to dowse. You'll find more details on Page 6 of our newsletter.

We've had some powerful celestial alignments recently. Please remember to use the changing energy as an opportunity to release fear and negative patterns from your life - and to feel love and gratitude..

At our previous meeting Committee member Tony Hill compared different dowsing approaches – in particular Raymon Grace's and Joey Korn's. Tony showed part of a video of Joey Korn illustrating his method of blessing the non-beneficial energy to change it to beneficial. This is so easy to do and requires no tools. We just need to remember to do it. The world needs so much healing.

If you're a new member, please note I'll be running a Dowsing workshop for beginners in August and will include some more advanced methods too. Please see me for more details.

Happy Dowsing!

Lyn Wood, President

OUR NEXT MEETING

By popular demand we're holding a Practical Dowsing day at our next meeting on Sunday 17 June. It's been two years since we ran one of these. As we did before, we'll have various tables manned by Committee members showing some of the different ways you can dowse. The day promises to be entertaining and informative, so bring a friend or two along. (See further details on this site.)

OUR LAST MEETING

At our AGM meeting on 15 April, Tony Hill, DSV Committee Member and resident physicist and sound expert, presented on "Approaches to Dowsing Influenced by Joey Korn, Raymon Grace and other dowsing investigators".

Tony Hill

The recording of Tony's presentation will be available at the DSV shop from June. It's another CD that is sure to be very popular!

DOWSING JOURNEYS

Developed from two interviews by DSV Member, Bernadette Hogan, as part of a new segment.

Lolita Gunning - I was introduced to dowsing through a study course with the Inner Peace Movement. We learnt to dowse answers using our body to go forward for a "Yes" and backwards for "No". We also learnt to allow our fingers to tap.

I decided to learn dowsing in the 1980s. I had the belief that the answers really are within us, that there is so much more to life than is obvious and that we are connected to all energy.

Just as Tony Hill confirmed with his demonstration using the "Flower of Life" in his talk in April at the DSV meeting.

Margaret Crutch - I was introduced to dowsing many years ago through some Pranic Healing friends. I heard that Eric Dowsett was organising a workshop in Kew.

I used dowsing intermittently until I attended some dowsing workshops. I also started to read about dowsing and felt more confident when I saw other people using it.

Margaret Crutch

I also watched DVDs by Eric Dowsett and Raymon Grace who is an inspiration. It was when I started to use it for space and house clearing that my confidence increased. Now I use dowsing regularly when I'm doing Pranic Healing. I check to see that chakras are balanced, and to confirm whether I need to do more clearing or energy balancing before I finish with a client. And, as a naturopath I check for remedies for my patients.

OBSERVATIONS

A welcome and thoughtful article by a DSV Member who chooses to remain anonymous.

About a week after the last DSV meeting, I was walking along a track that looked like it had

carved its way to the Tullamarine Toxic Dump. I felt depressed as I looked at the houses on either side of the track.

Although I was a fair way away, I know that there are family homes less than 500 metres from the dump itself. The dump has finally been closed, but the toxins are leaching underground, into the waterways and will eventually go into the ocean. So I was indulging in the feelings of guilt, hopelessness and depression.

As I walked, I thought of Tony Hill's talk at the last meeting. He reminded us of how powerful we are, how we have the ability to change the negative vibrations of a place, just by imprinting our own positive energy.

FROM THE EDITOR'S DESK

Just to let you know that there was a misunderstanding about welcoming a new editor and as a result I'm continuing in the role. Happily for this issue I've received a lot of contributions. I even have a few up my sleeve for future issues, including a beauty from regular contributor, Mick Moran. Please keep them coming as it not only makes this job easier, it ensures we have more variety.
