PRESIDENT'S REPORT

DSV Philosophy: Through awakening consciousness, we are empowered with knowledge and skills to unconditionally serve others.

Well here we are in 2024. The beginning of a new year. What are you going to manifest? I know I'm visualising returning to full health. Since returning home after my stroke at the end of September, I haven't been able to do so many of the usual things.

As we enter this fresh new year, it's a time when we are told by Astrologers that the old ways of being are dropping off and new ways and new energy is coming. So, it's time to let go of what no longer serves us from the past, all that we no longer need.

Wishing you a happy, healthy 2024.

Lyn Wood, *President*

OUR NEXT MEETING

Joyce-Kay will present to the DSV on Sunday 11 February on "What is Psychic Therapy"?

She is an internationally known Psychic/Medium and is the Principal Practitioner of "Divine Heart & Soul". As a child Joyce-Kay was always aware of the presence of other being and assumed everyone else could see them too. As an adult regular meditation and spiritual guidance has given her the ability to guide, heal and teach through spirit. As a Spiritual Mentor, Joyce-Kay is also a Clinical Hypnotherapist, Reiki Master and Trance Healer. We hope you'll join us and bring a friend or two for the first DSV meeting of 2024.

OUR LAST MEETING

Stephen Fiyalko presented to us on 26 November, our last meeting for 2023. Everyone loved the interaction he provided. It was especially well received.

Stephen Fiyalko is the Acting President of the Melbourne Theosophical Society (MTS). He served for 17 years as a Not-for-profit CEO in employment, training business and aboriginal services.

Stephen leads Sound Attunements at regular weekly meditation and discussion groups at the MTS between 5.30pm and 7.00pm. Level 1, 234 Flinders Lane, in Melbourne's CBD.

SECRET SOUNDS THAT HEAL: The Cat's Purr

By Paula Peterson with Elizabeth Von Muggenthaler *Source: Life Enthusiast*

Elizabeth Von Muggenthaler is a research scientist and bio-acoustic specialist. Her research into the cat's purr has brought her a great deal of support from many sources, including veterinarians.

She has also received support from a professor emeritus in England who is known as the "grandfather of bones". He is the foremost authority on bone density. She doesn't mention his name since she doesn't have his permission. Interestingly, he writes that optimal frequency for bone stimulation is 50 hertz. The dominant and fundamental frequency for three species of cats' purrs is exactly 25 to 50 hertz: the best frequencies for bone growth and fracture healing.

NUGGETS OF ANIMAL WISDOM

Reprinted with permission from the NSW Dowsers October 2023 Newsletter

Kerstin Jung

Watching a young sparrow at our stable, I worry that he has fallen out of the nest, wonder whether his parents will find him and feed him, does he need anything... He hops around and sends me his thoughts:

"You don't have to worry so much. Most things here in the world work very well and as they are supposed to without you interfering.

You have to make sure that whatever you do, you understand and minimize or reverse the effects. And take what you need and stop hoarding".

WEEKLY ONLINE DOWSING x 2

1. Each Friday (12 noon AEDT time) Heather Wilks and fellow dowser, Frances Peterson, hold a short online dowsing session to help in raising consciousness and supporting a new Golden Age.

It begins with a Full Court of Atonement (FCOA) (based on the channelled work of Amy Jo Ellis www.courtofatonement.com)

Dowsers from the US and Canada join in on Thursdays at 5pm Pacific, 6pm Mountain, 7pm Central and 8pm Eastern time.

After the dowsing, Heather provides a guided group visualisation. It's designed to encourage us to imagine how we'd like things to transform for a new Golden Age.

A number of DSV members, along with dowsers from Australia and overseas, meet on the call which usually runs for about 20 minutes

You're invited to join in at 12 noon AEDT (Melbourne, Sydney, Brisbane, Canberra, Hobart time). Just go directly to Zoom with these details:
