PRESIDENT'S REPORT

The Autumn Equinox falls on Tuesday 21 March 2023, reflecting the changing seasons and the imminent return of winter to the southern hemisphere. Autumn relates to the earth element and grounding.

At the Australian Standing Stones, in Glenn Innes NSW, the sun's noon shadow point on the 21st of each month, is marked by a series of ground level plaques.

If we were there, we could watch the solar noon shadow on 21 March as it aligns with the point of the ground plaque.

As it's unlikely anyone from the DSV will be there, if you have an appropriate garden area you could place something in your own yard to do the same.

At our last meeting, I was very pleased to see some people we haven't seen in a while. It was great to chat, even for a very short time. I hope to see them again on 26 March, along with some new faces. Looking forward to our presenter, Michèle Wolff, speaking about food, nutrition, herbs and digestion.

Lyn Wood, *President*

OUR LAST MEETING

As your friendly DSV Vice-President and Newsletter Editor, I presented on Remote Healing at the February meeting.

Regrettably, this Newsletter is particularly late as Life intervened. I really did work overtime with Remote Dowsing to keep things going. My computer totally died so I dowsed in earnest for assistance to the Apple technician to be able to retrieve all my data. Thankfully he did that. The data included all my DSV information, my client files and all personal material. Then I dowsed for a suitable replacement to be located and the ideal desktop computer was eventually located and all the data successfully transferred.

In between all of that we discovered that my husband's beloved car, his pride and joy, had been stolen. I am very grateful to all my friends who dowsed so diligently and held the image of the car being found.

As part of my own dowsing I used Raymon Grace's technique of visualising a red light on the top of the car for it to be found.

Thankfully, the car has been found and apparently it has minimal damage.

I decided to post these details to encourage you to use your dowsing for all aspects of Remote work too, whether it's for healing or for Life challenges on practical things. It can certainly make a huge difference!

I am resuming my dowsing classes, in person, again after the years of the pandemic. If you're interested, please contact me and I'll provide details when they're confirmed.

SPIRITUAL FORCES

Thanks to DSV Member, Bev Ellison for contributing this article.

Spiritual Forces Heal Emotional Troubles. By Bridget Manly.

A man called Parker recalled a case involving a woman who had habitually landed into physically abusive relationships with men. He said he uncovered one of her past lives in which she had lived in 18th century England, where she had left her husband and children and fled to America.

"When you do something like that, the guilt is tremendous," he said. "She died with all of that guilt. She brought it into this life."

Parker said he believes she was attracted to abusive men in a subconscious effort to atone for her past transgressions. But, after she came to grips with events in her prior life, Parker said she divorced her husband and became a counsellor.

WEEKLY ONLINE DOWSING x 2

1. Each Friday (12 noon AEDT time) Heather Wilks and fellow dowser, Frances Peterson, hold a short online dowsing session to address the energies associated with raising consciousness and supporting a new Golden Age.

It begins with a Full Court of Atonement (based on the work of Amy Jo Ellis www.courtofatonement.com)

Currently in the US the group meets on Thursdays at 5pm Pacific time.

After the dowsing, Heather provides a guided group visualisation. It's designed to encourage us to imagine how we'd like things to transform for a new Golden Age.

A number of DSV members, along with dowsers from Australia and overseas, meet on the call which usually runs for about 20 minutes

You're invited to join in at 12 noon AEDT (Melbourne, Sydney time). Just go directly to Zoom with these details:
