PRESIDENT'S REPORT

It has been nearly four years since we moved to our acre property 45 minutes from our previous home. I am finally feeling quite relaxed and settled there. Driving to work or other events, I travel through the lovely Lysterfield valley. I can't help revelling in its beauty in all seasons, including winter with fog, cloud and mist. It is beautiful.

I wonder, do you ever pause to think about your own home and what you treasure about it?

We can all do our bit to change our own little part of this world to create more positive energy which can naturally flow out to others.

Our dowsing tools offer so much scope and scrambling the frequencies for change is just one.

Erika Soul is our guest speaker at our next DSV meeting on 27 August. She will present on 'Abundance and Prosperity'. For this meeting, guests of DSV Members can enter free of charge. It was popular and a great success last time and it's sure to be again.

OUR LAST MEETING

Michael Czajka spoke at our last meeting in June. His subject was EMFs, the good, the bad and the ugly. He really opened our eyes.

It was especially helpful that he has such a depth of knowledge about what is now readily available for protection.

Many of us have since investigated his extensive website, as he'd urged. It has so much depth, lots of videos and is extremely educational. We highly recommend you visit and explore for yourself.

As a result of Michael's presentation a number of us purchased some of the devices. The SOTA Bio-Tuner was a popular choice. It is based on Harmonic Vibration and offers many benefits. You can find out pricing by emailing Michael direct, Mc1@pobox.com or from the Canadian site: <http://www.sota.com/bio-tuner.html>

The subject of Earthing was another which appealed. As a result, the Better Earthing people in Queensland have created a special offer for us and our friends. It's available until 30 August 2017.

For each purchase over \$70 there's a free gift of either two shoe heel earthers or a single earth band kit. Just add the promotional codes **ds_2heel_gift** or **ds_bandkit_gift**, in the online shopping cart. Or call Peter or Corinna to purchase over the phone.

DARK ENERGY

Thank you to DSV Life Member Mick Moran for another welcome article.

There has been a great deal spoken and written about dark energy lately. But what is this mysterious dark energy? I've been thinking about it and I don't think anyone has worked out exactly what it actually is. Many have tried and shared various explanations about what this dark energy could be, but does anyone really know?

I personally have no idea what dark energy is, or where it comes from, but I know something about what it can do. It seems to be very powerful and negative. It sucks out the energy of both people and places. In its wake it leaves large numbers of very unwell, unhappy people struggling to make sense of what's happening.

I've had to accept that my usual clearing of properties and healing for someone, doesn't

always remove this dark energy. I have discovered that a lot of people have trouble actually detecting this dark energy. Experience has shown me that if someone can't detect it, they're unlikely to be able to remove it. The biggest problem seems to lie with being able to detect it in the first place.

In my experience, it takes total relaxation in the body and mind to be able to detect the dark energy I'm referring to.

For me, it's often cleared with just the use of one word. Either PEACE or LOVE. Sending the person or place that's being affected, peace or love usually clears this negative energy instantly. But it's much more than just the words. It's the feeling as well. As with any healing, it has to come from deep within, from the heart. I believe you have to feel the love, the peace and the compassion. To me, this is what's needed to do this kind of healing.

At times I wonder if this dark energy has some kind of intelligence.

This dark energy is a very powerful, but it can also be very fragile. With the right circumstances, it can be cleared relatively easily. Like everything, it takes practice, concentration, and confidence.

DO NOT LOSE HEART We Were Made for These Times

By Clarissa Pinkola Estes, syndicated from moonmagazine.org 13 March 2017.

Reprinted from www.dailygood.org/story/1538 and the May 2017 Newsletter from DNSW.

I have heard from so many recently who are deeply and properly bewildered. They are concerned about the state of affairs in our world right now. It is true, one has to have strong cojones and ovarios to withstand much of what passes for 'good' in our culture today. Abject disregard of what the soul finds most precious and irreplaceable and the corruption of principled ideals have become, in some

large societal arenas, “the new normal,” the ‘grotesquerie’ of the week.
