## **PRESIDENT'S REPORT**

At the AGM in April we were delighted to welcome three new people to the Committee – Bev Ellison, Joan Stanton and Sasha Gallie. Bev has kindly offered to assist Heather Wilks with material for the Newsletter. Our thanks too to our Secretary Monica Subai for offering to assist our Treasurer, Malcolm Davies.

We thanked Fred and Mary Ward for their many years of support on the Committee.

I am pleased to report that the rest of the Committee was re-elected and I thank each of them for their long-standing support. It was also reassuring to hear from Malcolm that the DSV is in such a solid financial state.

After the AGM, we showed a DVD of an interview with Barry Templeton, which was filmed in Ballarat earlier in the year. Barry is a horse chiropractor, healer and dowser, and the video was well received. We have DVDs and CDs of various speakers available in the DSV Shop.

I have been reading about the energies for May, and the words given by spirit are STILLNESS, TRUST and STRENGTH. We are still slowly breaking free of the old paradigms.

I am grateful for Sarah Shepherd's Spiritual Shifts 2019. It will be interesting to read her projections for June :

I look forward to seeing you at our June meeting. We're celebrating nature with a presentation on "The Wonder of Trees".

Chris has many fascinating stories to share. Lyn will tell us about her own observations and experiences too.

On 16 June, we will show some interesting videos, including one called "Tree Time Stories", featuring Aboriginal Elder, Uncle Max.

## OUR LAST MEETING

At the Annual General Meeting (AGM) in April, the DSV surprised Mary and Fred Ward with framed certificates to thank them officially for their outstanding contributions to the DSV.

Mary and Fred have decided to step down from the Committee after many years of dedicated service.

After the formalities of the AGM, the DVD interview with Barry Templeton and Lyn Wood was presented. Barry shared details about how he became interested in working with energy to treat horses and dogs for all kinds of conditions, without the use of drugs.

## ENERGY BALANCING BY NUMBERS

*An interesting article by Christine Danyi, from: <https://www.balancingbynumbers.com/>*

I was listening to a podcast about a year ago and came across a very interesting interview with a gentleman named Lloyd Mear.

Lloyd is a civil engineer by trade and he was given a special gift. He was able to develop numbers that the physical body needs in order to operate at an optimal level. He discovered his abilities after having a massive heart attack and a triple bypass.

Anyone who is interested in listening to Lloyd speak can find him on YouTube or you can hear him speak on an "It's Rain Making Time" podcast where he explains everything in detail. You can also find a lot of these healing numbers on Pinterest. All you would need to do is dowse to see if you have that number in your body.

## CHANGING ENERGY FOR A POND

*Thanks to Raymon Grace for sharing the following email he'd received. It follows on perfectly from Lyn Wood's article in April 2019 on how Raymon's DVD transformed her swimming pool.*

***"My travel company put me up in a gated community complete with a stream running through it, plus a small pond outside my patio. Mr & Mrs Mallard Duck were living there. I moved in on a Friday and started thinking about how dirty the pond was. I couldn't see the bottom and yet it wasn't even 2 feet deep.***

***So, I set up my DVD player and started your cleaning up water DVD on repeat. Within three hours the difference in the pond water was amazing. I continued to get settled in and one time, when I opened my front door, I was met by the Mallards. The two ducks just stayed there, looking up at me. I guessed they came to thank me for cleaning up their pond!***

***The difference your DVD being played in my apartment, facing their pond, was so important to these feathered friends, they had wanted to let me know how grateful they were!***

***After three to four hours the ducks had come by saying "Thank you". Raymon, I don't know exactly what happened, or how they 'knew'. You have so made their lives better! As you do for all of us! Thank you Raymon."***
