## **PRESIDENT'S REPORT**

As we prepare for our last meeting for 2019, I hope you've enjoyed our presentations this year and that you've learned more about dowsing and related subjects.

I trust you'll enjoy Christmas and the holidays generally, whichever way you plan to enjoy the festive period – whether it's a traditional season or another celebration with family, friends or by yourself. Perhaps it's a quieter time you seek – on a beach with fish and chips. Out in the bush, or camping along a river – or something completely different that takes your fancy. Australia is now so multi-cultural, and as a result we have many unique ways of celebrating during the holidays.

Our last speaker, Kate Relph, from "Where There's A Witch There's A Way", enthralled us with her stories of dowsing and removing spirits from homes. I soon had a referral for her services! As she was leaving, Kate kindly donated a set of dowsing rods for our next raffle prize at the DSV November meeting.

I hope you'll join us for our final meeting of the year on 24 November. I'll be able to fill you in on my experiences at the NSW International Dowsing Conference in Sydney at the start of November.

Meanwhile I urge you to stay open to dowsing ideas and to keep on practicing. As with everything, there are so many varying methods and beliefs about dowsing, so it pays to accept what feels right to you. Then to embrace it with confidence. Dowsing is such a wonderful tool to help in many ways with our lives so I encourage you to use it regularly.

**Lyn Wood, President**

## **OUR NEXT MEETING**

Mary Ward is making a welcome return to present to the DSV at our November meeting. Mary is one of our Life Members and a much-loved identity at the DSV.

Her chosen topic is "Tell me a Story – Imagination and Music".

*Mary Ward*

Mary will talk to us about the significance of our sub-conscious minds being very powerful and able to remember everything that happens

to us. A key factor about the sub-conscious mind that is not always understood is that it has no power of discrimination and is unable to distinguish bad from good.

Mary's talk will be supported by recorded music to allow us to reach a quiet state to assist in bringing about different feelings. This will allow for the stimulation and understanding of any associated issues in our subconscious minds. The music will allow for gentle exploration to know whether we're holding onto old rubbish that's not serving us or good for us. We can dowse to clear anything that needs addressing and will all be able to relax and enjoy the music which Mary will provide.

**Integrated effective healing**

- Dowsing • Tapping
- Hypnotherapy

### OUR LAST MEETING

Kate Relph presented at our October meeting and kept everyone very entertained.

She is the owner of "Where There's A Witch There's A Way", an interesting retail outlet in Ferntree Gully, near the Dandenong Ranges.

Kate is a dowser, a practicing witch, a psychic medium and an intuitive, offering Tarot Readings and more.

She demonstrated how she uses dowsing rods and crystal pendulums. She shared a great deal about the depth of her work and encouraged visitors to join in.

Kate's shop is located at 8/101 Station Street, Ferntree Gully in Victoria.

### COLOUR & LIGHT THERAPY

*Thanks to Bev Ellison for providing this article, with details extracted from stated sources.*

Who is not interested in colours? I have always loved bright colours especially when I was young. So how is it as we get older we stop wearing brighter colours and end up wearing dull or dark colours? I have recently been reading different books about colour and the amazing benefits we can get from wearing it. Being on a farm I live in jeans and darks colours, especially throughout the colder months. I recently looked at my wardrobe and saw how dismal it is and decided I need to put more colour into my life. So this is something I will be working on in the next few months. I truly believe that people who do not have a lot of energy could do with help from colour therapy.

### DSV PURCHASES BY CREDIT, DEBIT OR TRANSFERS

We regret to say that we're not able to offer purchases using the magical Square electronic payment service - from now until further notice.

Our Treasurer, Malcolm Davies, discovered that this option isn't easily available to Not For Profit organisations like the DSV for financial card transactions.

### DOWSING TIP

*Thanks to DSV Committee Member, Bev Ellison.*

If the chain on your pendulum becomes knotted, dip it into cornflour and rub it in.

This makes it easier to untangle. I've used this several times and found it works!
