DSV philosophy: Through awakening consciousness, we are empowered with knowledge and skills to unconditionally serve others

Meeting - Sunday 24 July 2022

PRESIDENT'S REPORT

After many months of lockdowns and restrictive mandates, we are at last able to meet in person again for our next meeting on Sunday 24 July. So I hope you'll plan to be there and finally be able to chat in person with dowsing friends and perhaps meet new ones.

It's so empowering to listen to our intuition and do what is most beneficial for us personally. Listening to our personal guidance and dowsing go hand in hand. Ironically, it seems that the more we listen to our intuition, the less we need to dowse.

I wonder, what wonderful things are you visualising for our future? I believe the current energies are making it possible for us to manifest more quickly. That gives us the opportunity to let go of non-beneficial things, to let them drop out of our lives, and to open the way to create more harmony, love, kindness, compassion, and integrity.

Meanwhile I'm looking forward to our July meeting. Domenic Liistro will join us to present in person about Spiritualism and Mediumship.

Lyn Wood, *President*

OUR NEXT MEETING

Rev. Domenic Liistro from The Victorian Spiritualists' Union (VSU) is a welcome new speaker for the DSV. He is a Spiritualist Minister with 30 years' experience in this philosophy.

Domenic will share his knowledge about Spiritualism and what it means.

He'll cover the 7 Principles involved, explaining how Spiritualism can be seen as a philosophy for the modern world.

Domenic will also provide some new ideas about God and speak about the scientific evidence involved.

He will talk about what it is to be a medium and explain the difference between Psychics and Mediums.

He'll share some ideas about the different forms of Mediumship and give us his views on its philosophy.

We look forward to welcoming you back to the DSV in person for Domenic's presentation. It promises to be fascinating, so bring a friend or two along to share the experience.

OUR LAST MEETING

We are pleased that Juanita Smith led our May meeting via Zoom.

Juanita is a clinical Hypnotherapist from Activate Hypnotherapy in Sydney. She specialises in helping people overcome addictions and underlying trauma.

In her presentation to the DSV, Juanita explained how important it is to work directly with the unconscious mind to live better lives.

Juanita's presentation included a valuable group hypnotherapy process for Healing, Letting go of the Old and Being Ready for Change and New Beginnings.

WHAT A MAGNIFICENT TREE

A welcome contribution from DSV Life Member, Mick Moran. Thanks Mick!

Recently I caught up with a friend in Ballarat, (Central Highlands of Victoria) and over a cuppa and a yarn, she pointed out a large Eucalyptus tree in the distance. She told me this tree had some very powerful energies, and if you were to touch it, you could feel the energy coming off it. She said that lots of people come to feel these sorts of energies as they can have a very positive and uplifting effect. She suggested I should check it out.

On a cold winters' morning in June, I decided it was time to check this tree out, to see if I could feel any of the positive energies being emitted from it, using a dowsing rod. The tree is located at Lakeland Square at Bakery Hill in Ballarat. The feeling I was getting was of a sense of a connection to everything. My energy levels increased a great deal, but it was my spiritual energy that increased the most. My connection to everyone and everything felt unbelievable.

HEALING THE LAND

Interesting stories from the book, "Here to Heal" by Reshad Feild. Thanks to Bev Ellison, DSV Life Member for sourcing this material.

- One weekend I conducted a workshop on geomancy for 35 people in Los Angeles in California, US. On the Sunday I took them all to the park to demonstrate the principles that I had been teaching.

- My family and I had kindly been lent a beautiful house on a mountain above Boulder, Colorado.
